

COVID – 19 Update
Asheville Tax Service

In an effort to protect the health and well-being of our clients, we will no longer meet clients in person, and will start operating on a virtual/drop off basis.

Please feel free to take a packet and fill out the information page and the ID page. If you have dependents fill out the dependent info sheet completely.

Leave a telephone number and email, so that we can contact you with any questions that we might have.

Please put your tax information in the envelope and put it in the drop off mail slot.

Signing the tax return will be via mail, print-sign-scan, or e-signature.

You can pay for your tax return by dropping off a check or we can receive payment with a credit card by phone.

Refund Transfers are still available to the client.

Make sure to indicate your routing and account number if you want your refund direct deposited.

Thank you for your consideration during this time.
